## Products for Poultry - Swine

Pigs • Chickens • Turkeys

Certified Organic  
by Ecocert

The animal feed products listed in this catalog are **USDA** certified organic and are identified with the **USDA** organic seal. All other products contain only certified organic agricultural products or ingredients that conform to the **NOP's** national list of materials acceptable for **organic livestock production**.

(Item prices and/or sizes are subject to change without notice)

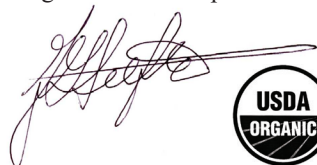

February 2025

## The Mineral World

**Advanced Biological Concepts®** has been dedicated for over 45 years to providing producers with nutritional technology to achieve maximum animal health for the production of drug and hormone free meat and milk. Animal health problems are due to nutritional deficiencies and related environmental conditions.

**Advanced Biological Concepts®** offers a complete line of **USDA/NOP** organic livestock production products.

## Our Mission:

**To achieve maximum animal health with organic nutrients through Applied Common Sense, Technology and Services.**

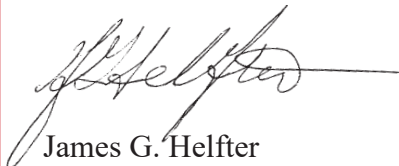

### **ADVANCED BIOLOGICAL CONCEPTS®** **MISSION STATEMENT**

**Improve the quality of life for mankind; by improving the quality of life for animals through nutrition.**

#### **Guidelines for Achieving Mission Statement:**

- 1) Always focus on the **cause** of a disease or problem, not the symptom.
- 2) Refrain from Research and Development involved in symptom relief.
- 3) We believe most poor health problems in animals are due to a nutritional deficiency caused by the confinement of animals, thereby, limiting their access to a variety of nutritional ingredients.
- 4) Often improvement in health can be dramatic when furnishing a balanced diet or adding nutrients that are lacking in the animal's diet. Not unlike giving food to a starving animal, this creates a dramatic improvement in health. This mode of nutritionally assisting animals must not be confused with drug therapy or medicine. We do not prescribe replacing the body's own mode of action through supplementation with synthetic chemicals and artificial components.  
**We supply the body with what it needs to repair itself.**
- 5) We do not prescribe the use of poisons or mega doses of single nutrients to **enhance performance**.

For more information or to place an order, call us at  
**1-800-373-5971** and we will be happy to serve you.

## INGREDIENT STATEMENT

This product contains only certified organic agricultural products or ingredients that conform to the NOP's national list of materials acceptable for organic livestock production.<sup>TM</sup>

**INGREDIENTS:** Organic Dehydrated Alfalfa Meal, Organic Oat Groats, Organic Linseed Meal, Diatomaceous Earth, Calcium Carbonate (granular), Reed Sedge Peat, Calcium Carbonate (powder), Organic Soy Oil, Dicalcium Phosphate, Monosodium Phosphate, Sodium Bentonite, Organic Dried Kelp, Sodium Aluminosilicate, Sodium Bentonite (granular), Organic Soybeans, Salt, Organic Apple Cider Vinegar, Yeast Culture, Organic Dried Whole Milk, Organic Cane Sugar, Choline Chloride, Ascorbic Acid, Magnesium Oxide, Vitamin E, Manganous Oxide, Organic Cinnamon Powder, Zinc Sulfate, Citric Acid, Zinc Hydroxychloride, Riboflavin, Manganese Sulfate, Manganese Hydroxychloride, Potassium Chloride, Magnesium Sulfate, Organic Cloves Powder, Organic Yucca Liquid, Copper Sulfate Pentahydrate, Vitamin A Acetate, Basic Copper Chloride, Sodium Bicarbonate, Enzyme Product, Niacin, Calcium Hydroxide, Vitamin B12, Vitamin D3, Thiamine Mononitrate, Pyridoxine Hydrochloride, Organic Parsley Leaf, Organic Soy Lecithin, D-Calcium Pantothenate, Natural Vitamin E, Organic Horseradish Root Powder, Organic Coconut Oil, Organic Brown Flax Meal, Organic Orange Peel Powder, Ethylenediamine Dihydrochloride, Organic Dried Tomato Powder, Organic Aloe Vera Oil, Organic Olive Oil, Organic Peppermint Leaf Powder, Ferrous Sulfate, Cobalt Sulfate Monohydrate, Organic Dandelion Root Powder, Organic Ginger Root Powder, Organic Calendula Flowers, Organic Fenugreek Seed Powder, Organic Garlic Granules, Organic Dandelion Leaf Powder, Organic Marshmallow Root Powder, Organic Sage Leaf Powder, Organic Fennel Seed Powder, Organic Gentian Root Powder, Organic Thyme Powder, Organic Lemongrass Powder, Organic Elderberry Powder, Organic Violet Leaf, Organic Licorice Root Powder, Organic Basil Powder

## DIRECTIONS FOR USE:

### DAIRY CATTLE:

Top Dress or Add Mix:  
1/2 ounce (14.17 g) per head per day.

### CALVES:

Top Dress or Add Mix:  
1/2 ounce (14.17 g) per head per day.

### BEEF CATTLE:

Top Dress or Add Mix:  
1/4 ounce (7.09 g) per head per day.  
**Receiving:**  
Top Dress or Add Mix:  
1/2 ounce (14.17 g) per head per day  
for 14 days.

### SHEEP & GOATS:

Top Dress or Add Mix:

### SWINE:

#### Finishing:

Add 3 Pounds Per Ton of Complete Ration.  
**Grower and Lactation:**  
Add 5 Pounds Per Ton of Complete Ration.  
**Starter and Gestation:**  
Add 7 Pounds Per Ton of Complete Ration.

### POULTRY:

#### Starter:

Add 4 Pounds Per Ton of Complete Ration.  
**Complete Feed:**  
Add 2 Pounds Per Ton of Complete Ration.

### LLAMAS / EMUS / ALPACAS:

# D.U.A.™

## Why is D.U.A.™ the world's number one Feed Additive?

**D.U.A.™ = Dramatic improvement in fiber digestion.**

The **Benefits** of increased **fiber digestion** are: Increased **mineral** and **protein** assimilation.

### Benefits of this type of Mineral:

Highly available **single molecule**, **chelated** to carbon (sugar) by the plant.

This is the type of **mineral** that **animals** were **meant to live on**,

**NOT** ground up rock which is very low in availability.

### Neutral Detergent Fiber Digestion

Independent Lab studies of D.U.A.™ effect on digestion of Neutral Detergent Fiber Digestion yielded the following results.

This test was performed by using the following protocol:\*

**GRAIN MIX**  
Control grain mix /  
fiber digestion = 10.92 %  
D.U.A.™ added /  
fiber digestion = 35.59 %  
increase = 225 %

**GRASS HAY**  
Control grass hay /  
fiber digestion = 25.16 %  
D.U.A.™ added /  
fiber digestion = 42.65 %  
increase = 69.5 %

**ALFALFA HAY**  
Control alfalfa hay /  
fiber digestion = 29.68 %  
D.U.A.™ added /  
fiber digestion = 35.10 %  
increase = 18 %

\*These numbers were obtained through Invitro procedures

• **Better FE/RG • Improved Physical Health • Maximum Genetic Potential**

Reduces waste and odor concerns.

Makes your **waste** a **valuable** commodity.

## **PROFIT WITH D.U.A.<sup>™</sup>**

**DAIRY:** Producers in the dairy industry have shown:

Using **D.U.A.<sup>™</sup>** at the  $\frac{1}{2}$  oz/hd/day in your dairy ration increases the utilization of protein in the diet equal to the level of 3.1pounds of **Soybean Meal** (48%).

Removal of Soybean Meal 3.1 pounds @ .58/ pound	= \$1.798
Inclusion of <b>D.U.A.<sup>™</sup></b> $\frac{1}{2}$ oz/hd/day	= \$.0978
<b>Savings</b>	= \$1.70

For every \$1.00 invested in **D.U.A.<sup>™</sup>**, you **SAVE \$18.36!**

If  $\frac{1}{2}$  oz/hd/day saves 3.1 pounds of **Soybean Meal**,  
then 1 bag of **D.U.A.<sup>™</sup>** saves **4,960 pounds**  
(almost 2.5 ton) of **Soybean Meal**.

### **PROTOCOL FOR D.U.A.<sup>™</sup>**

(Digestive Utilization Absorption)

&

**FREE CHOICE MINERALS**

**D.U.A.<sup>™</sup>** NEEDS TO BE FED AT ALL TIMES WITH  
**FREE CHOICE MINERALS**

**Reason:** **D.U.A.<sup>™</sup>** increases digestion of fiber!

Fiber contains the major minerals, as well as minors. It is **poor management** to buy minerals when your feed stuffs (hay, grass and grains) can supply them. **D.U.A.<sup>™</sup>** also makes **Free Choice Minerals** more available; this all means **less usage** and **greater profit** for you, the **Producer**.

# Suggested Rations - VTM for Poultry

## Using Corn, Oats, and 48% Soy Meal

### Broilers

#### 20% Broilers – 0-2 Weeks

Corn	1,135 lbs.
48% Soy Meal	589 lbs.
Oats	200 lbs.
<b>VTM for Poultry</b>	<b>30 lbs.</b>
Calcium Carbonate	38 lbs.
Salt	6 lbs.
<b>D.U.A.™</b>	<b>2 lbs.</b>

#### 19% Broilers – 2-5 Weeks

Corn	1,195 lbs.
48% Soy Meal	530 lbs.
Oats	200 lbs.
<b>VTM for Poultry</b>	<b>30 lbs.</b>
Calcium Carbonate	38 lbs.
Salt	6 lbs.
<b>D.U.A.™</b>	<b>1 lb.</b>

#### 18% Broilers – 5 Weeks to Finish

Corn	1,243 lbs.
48% Soy Meal	484 lbs.
Oats	200 lbs.
<b>VTM for Poultry</b>	<b>30 lbs.</b>
Calcium Carbonate	36 lbs.
Salt	6 lbs.
<b>D.U.A.™</b>	<b>1 lb.</b>

### Pullets

#### 20% Pullets – 0-6 Weeks

Corn	1,135 lbs.
48% Soy Meal	589 lbs.
Oats	200 lbs.
<b>VTM for Poultry</b>	<b>30 lbs.</b>
Calcium Carbonate	38 lbs.
Salt	6 lbs.
<b>D.U.A.™</b>	<b>2 lbs.</b>

#### 19% Pullets – 6-12 Weeks

Corn	1,195 lbs.
48% Soy Meal	530 lbs.
Oats	200 lbs.
<b>VTM for Poultry</b>	<b>30 lbs.</b>
Calcium Carbonate	38 lbs.
Salt	6 lbs.
<b>D.U.A.™</b>	<b>1 lb.</b>

#### 18% Pullets – 12-18 Weeks

Corn	1,243 lbs.
48% Soy Meal	484 lbs.

## **From Advanced Biological Concepts® Founder:**

“We have always applied common sense to animal health by reducing obvious stresses and supplying the body with what it needs to repair and protect itself. We concentrate on the cause of a disease, not the symptom, and strive for maximum animal health with natural organic nutrients. Each individual farm within itself is a research farm, and we have over 45 years of research on thousands of farms. Results are the reasons we are in business today and will be tomorrow. We are looking forward to serving you so that animal husbandry is enjoyable and profitable. Try our products and observe the difference.”
