

Defending the right of quality food
for animals (and humans)
by implementing
Applied Common Sense®

www.abcplus.biz

Products for

Poultry - Swine

Pigs • Chickens • Turkeys

The animal feed products listed in this catalog are **USDA** certified organic and are identified with the **USDA** organic seal. All other products contain only certified organic agricultural products or ingredients that conform to the **NOP's** national list of materials acceptable for **organic livestock production**.

(Item prices and/or sizes are subject to change without notice)

August 2020

The Mineral World

Advanced Biological Concepts® has been dedicated for over 45 years to providing producers with nutritional technology to achieve maximum animal health for the production of drug and hormone free meat and milk. Animal health problems are due to nutritional deficiencies and related environmental conditions.

Advanced Biological Concepts® offers a complete line of **USDA/NOP** organic livestock production products.

Our Mission:

To achieve maximum animal health with organic nutrients through Applied Common Sense, Technology and Services.

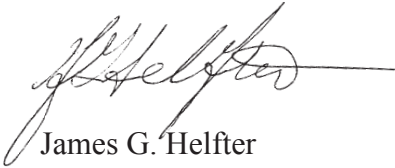

ADVANCED BIOLOGICAL CONCEPTS® MISSION STATEMENT

Improve the quality of life for mankind; by improving the quality of life for animals through nutrition.

Guidelines for Achieving Mission Statement:

- 1) Always focus on the **cause** of a disease or problem, not the symptom.
- 2) Refrain from Research and Development involved in symptom relief.
- 3) We believe most poor health problems in animals are due to a nutritional deficiency caused by the confinement of animals, thereby, limiting their access to a variety of nutritional ingredients.
- 4) Often improvement in health can be dramatic when furnishing a balanced diet or adding nutrients that are lacking in the animal's diet. Not unlike giving food to a starving animal, this creates a dramatic improvement in health. This mode of nutritionally assisting animals must not be confused with drug therapy or medicine. We do not prescribe replacing the body's own mode of action through supplementation with synthetic chemicals and artificial components.
We supply the body with what it needs to repair itself.
- 5) We do not prescribe the use of poisons or mega doses of single nutrients to **enhance performance**.

For more information or to place an order, call us at
1-800-373-5971 and we will be happy to serve you.

INGREDIENT STATEMENT

This product contains only certified organic agricultural products or ingredients that conform to the NOP's national list of materials acceptable for organic livestock production.™

INGREDIENTS:

Dried Lactobacillus Acidophilus Fermentation Product, Organic Oat Groats, Diatomaceous Earth, Reed-Sedge Peat, Organic Linseed Meal, Dicalcium Phosphate, Calcium Carbonate, Attapulgitic Clay, Organic Dehydrated Alfalfa Meal, Monosodium Phosphate, Organic Soybean Oil, Organic Dried Kelp, Bentonite, Sodium Aluminosilicate, Salt, Choline Chloride, Magnesium Oxide, Yeast Culture, Ferrous Sulfate, Zinc Sulfate, Sodium Sulfate, Potassium Chloride, Manganous Oxide, Zinc Hydroxychloride, Ascorbic Acid, Vitamin E Supplement, Manganese Hydroxychloride, Manganese Sulfate, Basic Copper Chloride, Organic Garlic, Organic Fenugreek, Niacin, Sulfur, Citric Acid, Folic Acid, Potassium Sulfate, Magnesium Sulfate, Riboflavin, Vitamin A Acetate, Organic Apple Cider Vinegar, Copper Sulfate, Organic Feed Grade Dried Milk, Calcium Pantothenate, Organic Egg Product, Pyridoxine Hydrochloride, Organic Cloves, Organic Lecithin, Organic Barley, Vitamin D3 Supplement, Cobalt Sulfate, Beta-Carotene, Calcium Hydroxide, Vitamin B12 Supplement, Biotin, Thiamine Mononitrate, Organic Dandelion, Ethylenediamine Dihydride, Organic Parsley, Magnesium Chloride, Organic Althea Root, Organic Dried Tomato Pomace, Yucca Schidigera Extract, Organic Horseradish, Organic Licorice, Organic Sweet Orange Peel, Organic Aloe Vera Gel Concentrate, Organic Peppermint, Organic Calendula, Organic Ginger, Organic Coconut Oil, Organic Sage, Organic Common Fennel, Organic Thyme, Organic Lemon Grass, Organic Elder Flowers, Cobalt Carbonate, Organic Papain, Organic Basil, Organic Violet Leaves, Organic Coconut Flour, Organic Juniper Berries.

DIRECTIONS FOR USE:

DAIRY CATTLE:

Top Dress or Add Mix:
1/2 ounce (14.17 g) per head per day.

CALVES:

Top Dress or Add Mix:
1/2 ounce (14.17 g) per head per day.

BEEF CATTLE:

Top Dress or Add Mix:
1/4 ounce (7.09 g) per head per day.

Receiving:

Top Dress or Add Mix:
1/2 ounce (14.17 g) per head per day
for 14 days.

SHEEP & GOATS:

Top Dress or Add Mix:
1/8 ounce (3.54 g) per head per day.

SWINE:

Finishing:
Add 3 Pounds Per Ton of Complete Ration.
Grower and Lactation:
Add 5 Pounds Per Ton of Complete Ration.
Starter and Gestation:
Add 7 Pounds Per Ton of Complete Ration.

POULTRY:

Starter:
Add 4 Pounds Per Ton of Complete Ration.
Complete Feed:
Add 2 Pounds Per Ton of Complete Ration.

LLAMAS / EMUS / ALPACAS:

Top Dress or Add Mix:
1/4 ounce (7.09 g) per head per day.

D.U.A.™

**Why is D.U.A.™ the world's number one Feed Additive?
D.U.A.™ = Dramatic improvement in fiber digestion.**

The **Benefits** of increased **fiber digestion** are: Increased **mineral** and **protein** assimilation.

Benefits of this type of Mineral:
Highly available **single molecule**, **chelated** to carbon (sugar) by the plant.
This is the type of **mineral** that **animals** were **meant to live on**,
NOT ground up rock which is very low in availability.

Neutral Detergent Fiber Digestion

Independent Lab studies of D.U.A.™ effect on digestion of Neutral Detergent Fiber Digestion yielded the following results.

This test was performed by using the following protocol:*

GRAIN MIX
Control grain mix /
fiber digestion = 10.92 %
D.U.A.™ added /
fiber digestion = 35.59 %
increase = 225 %

GRASS HAY
Control grass hay /
fiber digestion = 25.16 %
D.U.A.™ added /
fiber digestion = 42.65 %
increase = 69.5 %

ALFALFA HAY
Control alfalfa hay /
fiber digestion = 29.68 %
D.U.A.™ added /
fiber digestion = 35.10 %
increase = 18 %

*These numbers were obtained through Invitro procedures

- **Better FE/RG • Improved Physical Health • Maximum Genetic Potential**
- Reduces waste and odor concerns.
- Makes your **waste a valuable commodity.**

FPD160-2

PROFIT WITH D.U.A.[™]

DAIRY: Producers in the dairy industry have shown:

Using **D.U.A.[™]** at the ½ oz/hd/day in your dairy ration increases the utilization of protein in the diet equal to the level of 3.1pounds of **Soybean Meal** (48%).

| | |
|--|-----------|
| Removal of Soybean Meal 3.1 pounds @ .58/ pound | = \$1.798 |
| Inclusion of D.U.A.[™] ½ oz/hd/day | = \$.0978 |
| Savings | = \$1.70 |

For every \$1.00 invested in **D.U.A.[™]**, you **SAVE \$18.36!**

If ½ oz/hd/day saves 3.1 pounds of **Soybean Meal**,
then 1 bag of **D.U.A.[™]** saves **4,960 pounds**
(almost 2.5 ton) of **Soybean Meal**.

PROTOCOL FOR **D.U.A.[™]**

(Digestive Utilization Absorption)

&

FREE CHOICE MINERALS

D.U.A.[™] NEEDS TO BE FED AT ALL TIMES WITH
FREE CHOICE MINERALS

Reason: **D.U.A.[™] increases digestion of fiber!**

Fiber contains the major minerals, as well as minors. It is **poor management** to buy minerals when your feed stuffs (hay, grass and grains) can supply them. **D.U.A.[™]** also makes **Free Choice Minerals** more available; this all means **less usage** and **greater profit** for you, the **Producer**.

Organic Dried Kelp

Dried Kelp (Seaweed)

Nutritional Supplement for All Classes of Livestock and Equine

GUARANTEED ANALYSIS

| | | | |
|---------------------------|--------|--------------------------|--------|
| Crude Protein (min)..... | 4.00 % | Potassium (K) (min)..... | 2.00 % |
| Crude Fiber (max)..... | 8.00 % | Salt (NaCl) (min)..... | 3.50 % |
| Calcium (Ca) (min)..... | 1.50 % | Salt (NaCl) (max)..... | 9.00 % |
| Calcium (Ca) (max)..... | 2.00 % | Iodine (I) (min)..... | 0.05 % |
| Phosphorus (P) (min)..... | 0.10 % | Iodine (I) (max)..... | 0.08 % |

INGREDIENTS: Organic Dried Kelp

DIRECTIONS: Offer FREE CHOICE if possible, or follow the directions below. (2 oz scoop is enclosed.)

Adult Dairy Cattle: Top dress 6-8 oz. per head per day for the first 30 days. Alternately, mix 50-100 lbs per ton for the first 30 days. Amount used may be decreased by 50% after 30 days.

Beef Cattle: Offer free choice. Also individually offer white salt and a calcium phosphate mineral mix.

Heifers: Offer free choice 90 days prior to breeding, or top dress at least 4 oz. per head per day for this pre-breeding period.

Calves: 2 oz. per head per day

Horses: 1-2 oz. per head per day

Swine: Add 50 lbs per ton of complete feed ration.

From Advanced Biological Concepts® Founder:

“We have always applied common sense to animal health by reducing obvious stresses and supplying the body with what it needs to repair and protect itself. We concentrate on the cause of a disease, not the symptom, and strive for maximum animal health with natural organic nutrients. Each individual farm within itself is a research farm, and we have over 45 years of research on thousands of farms. Results are the reasons we are in business today and will be tomorrow. We are looking forward to serving you so that animal husbandry is enjoyable and profitable. Try our products and observe the difference.”
