

DY'S LIQUID BANDAGE™

DY'S LIQUID BANDAGE™ is an all-natural herbal salve. Olive oil and beeswax have been combined to create the base. This allows the olive oil to carry the herbs deep into the wound, minimizing the occurrence of scar tissue. The beeswax covers the wound with a breathable, waterproof, flexible and protective coating that repels flies.

"I have used Dy's Liquid Bandage on wounds on my own horses." - Rosemary Ganser, VMD

DY'S LIQUID BANDAGE™ acts as a bandage and works well on injuries that are difficult to wrap and keep wrapped.

DY'S LIQUID BANDAGE™ has been proven effective for all cuts or wounds plus scratches, rain rot, rope burns, saddle sores and any type of skin disorder.

INGREDIENTS: Olive Oil, Beeswax, Pascalite Clay, Golden Seal, Bee Pollen, Yarrow, Chlorophyll, Oregon Grape, Cramp Bark, Shavegrass, Myrrh, Aloe Vera Oil, Vitamin E Supplement, Tea Tree Oil, Propolis, Calendula, Honey.

TARGET FACTORS™

Educates the Immune System and Protects from Future Exposure

Target Factors™ is derived from bovine colostrum, hyperimmune egg yolk antibodies and transfer factor technology. Contains pre-biotics and pro-biotics for a healthy gut and immune support.

"I've used Target Factors quite a few times with great success for patients that are exposed to contagious diseases but not showing any clinical signs themselves or they are going through the outbreak in the household."

- Vani Guttikonda, DVM

Sizes Available:

Target Factors™ - 1 Gallon

Item Number: A133

Target Factors™ - 16 oz

Item Number: A134

PRO BI™

Microbial Benefits

Food for the Microflora of the Gut in ALL ANIMAL Species

Vet Feedback for PRO BI™:

"I use PRO BI™ for all cases of diarrhea no matter what the cause is. Clients love it since it is liquid and doesn't need refrigeration. Rescue groups I work with love it as they see a lot of bottle feeding kittens and never ending diarrhea sagas. I start all my homeopathy patients (chronic cases) on PRO BI™ and G.R.P.™ along with addressing their nutritional needs before prescribing. I also dilute PRO BI™ to clean ears which is a lot easier than using yogurt."

- Vani Guttikonda, DVM

"The Digestive Tract First-Aid Kit"
NEVER BE WITHOUT IT!

PRO BI™ is a biological feed additive designed to maximize digestive efficiency.

Sizes Available:

PRO BI™ - 16 OZ

Item Number: A118

PRO BI™ - 1 Gallon

Item Number: A117

PRO BI™ for Pets - 2 Oz

Item Number: A116

A.B.C.'s Plus®

The secret to good nutrition is not how many nutrients are present in a supplement, but rather how available they are and how efficiently they can be utilized when digested.

What is A.B.C.'s Plus®?

- A nutrient pack for digestive microflora.
- Contains ingredients that are cultivated by fermentation, yielding nutrient specific enzymes, substrates and stabilized bacteria.
- Helps to optimize digestion, utilization, and absorption of nutrients, including those naturally occurring within your water, forage, and other feedstuffs.
- When fed with other supplements, helps to maximize absorption for optimal assimilation.
- Aids in the development of muscle and skeletal tissues, including hair coat and hooves.
- Helps to support the tissues of the digestive system, for a healthy digestive environment.

A.B.C.'s Plus® is a supplement for the digestive system.

“Most of my experience is with the A.B.C.'s Plus product. I used it on my aging pony for years to help his digestion. He seemed to do better when he was on it. He lived to be 35.”

- Janet Varhus, DVM MSTCVM

SIZES:

ABC'S PLUS® - 25 LB BAG

Item Number: A224

ABC'S PLUS® - 25 LB BKT

Item Number: A225

ABC'S PLUS® - 12.5 LB BKT

Item Number: A228

A.B.C.'s G.R.P.™

A.B.C.'s Plus® + G.R.P.™ Technology

If you feed glyphosate contaminated feeds and absolutely cannot modify your feed program, we recommend using A.B.C.'s G.R.P.™ to address the adverse nutritional effects associated with feeding glyphosate-contaminated feedstuffs.

Available in a 25 lb Bag or Bucket, 12.5 lb Bucket, and 12 oz Jar size for small animals.

“I primarily use and recommend A.B.C.'s G.R.P. to try to counteract the effects of the glyphosate in horse feed.”

- Rosemary Ganser, VMD

“I use the G.R.P. for many of my canine patients, and people accept it readily because everybody knows glyphosate these days.”

- Vani Guttikonda, DVM

A.B.C.'s Fortified™

A.B.C.'s Fortified™ is A.B.C.'s Plus® enhanced with vitamins and minerals. A.B.C.'s Fortified™ is an excellent choice for those who are unable to offer Free Choice vitamin and mineral supplements due to barn and pasture arrangements or travel.

“I have seen a herd of 5 aging horses having skin issues, too unthrifty. The owner realized it all started when she discontinued A.B.C.'s Fortified. Once she resumed feeding it, the issues all started to go away in a few days.”

- Janet Varhus, DVM MSTCVM

SIZES:

ABC'S FORTIFIED - 25 LB BAG

Item Number: A218

What to Feed with ABC's Plus®?

Rush Creek 1:1 Mineral™

Rush Creek 1:1 Mineral™ is a fortified and properly balanced Calcium and Phosphorus source. It is fed FREE CHOICE to horses to help maintain mineral balance with the ever-changing quality of feed stuffs.

Rush Creek 1:1 Mineral™ is fortified with highly available sources of Calcium and Phosphorus to help balance hay sources. Rush Creek 1:1 Mineral™ is a must if feeding alfalfa hay.

Reach the full benefits of Rush Creek 1:1 Mineral™ by including A.B.C.'s Plus® in your ration.

NOTE: Selenium will need to be fed separately to meet any deficiencies that may be present.

“I like feeding the Rush Creek Mineral as a free choice product and recommend it to clients.”
